

## ABOUT THINKBOX

For almost half a century NLP (Neuro Linguistic Programming) has become the leading edge in professional and personal development, as well as in business, sports and coaching.

NLP is an innovative set of tools and techniques that create change; and as such is an incredibly powerful discipline that enables people to enhance their personal excellence and potential in all areas of life.

The company now known as THINKBOX LTD began presenting personal and professional development trainings in 1993 as DS Rapport Consultants Ltd. During the years the company has grown to become one of the most respected and leading-edge NLP Certification, and NLP Professional Coach Certification Training Institutes in the world. It is now operating under the name THINKBOX LTD which is a company that took over the operations of DS Rapport Consultants Ltd.

### Why choose THINKBOX LTD?

THINKBOX deliver what other training companies can only promise and we have consistently provided the highest quality certification training, worldwide, since 1994.

### Being different

Not all training companies are the same. We are proud of the unique services we offer and continually look for ways to expand the value we give to our clients.

### Guaranteed courses

Imagine this. After much deliberation you finally decide on a suitable course. You book it, pay for your travel and make told everyone you will be away for that day. Then the training company calls you the day before and tell you that they have had to cancel it due to lack of numbers. Frustrating isn't it? Not any more. We guarantee that once we have your confirmed booking it will not be cancelled under any circumstances. We believe your peace of mind should also be included in the whole package.

## Course workbooks

We pride ourselves on producing high quality, cost-effective training courses. Each course comes with a course manual that doubles as a post course workbook and action plan. We always encourage delegates to share relevant learning points with their colleagues.

## Discounts for multiple bookings

Very few organisations have unlimited funds for training. We often work with organisations to find creative ways of stretching tight budgets to produce meaningful training programmes. Not only are we highly competitive but we also offer discounts for organisations requiring mid to long term training solutions. Please contact us to discuss your requirements and how we may help you.

## Bespoke courses

Our aim is to produce in-company courses that satisfy the needs of both the organisation and the course delegates. We work closely with course organisers on the most appropriate choices for course topics/agendas so that the course they book is the course that will best satisfy their needs.

## Experience

Since our creation, we have taught over twenty thousand people, from all walks of life, the skills, techniques and knowledge that helped them to achieve a higher quality of life through Neuro-Linguistic Programming.
